**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey Wyand (Reg. No. 29,458) on January 17, 2006.

**IN THE CLAIMS:**

In claim 3, line 7 after "conveyance", -- path -- has been inserted.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 3, the closest prior art of record is U.S. Patent No. 5,852,764 (Kida et al.). The Kida et al. patent discloses a first conveyance path, a second conveyance path, a third conveyance path, a common path, a first reversing roller, a second reversing roller, first rotating means for rotating a first rotational shaft and second rotating means for rotating a second rotational shaft. However, the Kida patent fails to disclose or suggest any first and second electromagnetic clutches, as claimed. The Kida patent also fails to disclose or suggest control means for controlling the first and second electromagnetic clutches, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
